Adams County: archived payroll totals

RTK Media aggregate transcription, not an original agency PDF. Values in dollars.

Source workbooks are labeled CY2024 and CY2025. Only countywide totals are reproduced; employee names, individual amounts and native workbooks are omitted.

Every total reconciles to all underlying rows, including rows with names absent. The source Total row is excluded from recomputation to avoid double counting.

Source field	CY2024	CY2025
Regular earnings	20,181,269.59	20,708,996.01
Overtime earnings	2,653,257.77	2,776,863.57
Comp time payout	7,830.98	9,444.17
Gross pay	28,013,889.96	28,841,544.34
Employer benefit cost	8,665,364.92	7,947,591.30

Gross pay is a separate source measure; it is not calculated here by adding the other columns. Benefit cost is an employer total, not employee take-home pay. Arithmetic reconciliation does not establish the accounting completeness of the supplied workbooks or their receipt date. Source rows are not a verified unique headcount.
